**1C** Once through the Finish Finish C head left up the hill toward the finish of phase A to find 1C along the fence line.

**3C** As you go through 2C you will turn right and head towards the creek. Be aware of muddy footing in this area. 3C will be just at the creek crossing taking you onto the path to cut through the woods.

**5C** After 4C turn right to follow the marked path through the woods. There will be arrows to help guide you through the woods to 5C as you emerge back into the field.

**8C** After 7C make a 90 degree turn to the right to head back up towards the tree line to find 8C back along the trees. Please be mindful of the horses on the cross country course through this section. Your paths should not cross but they will be close by!!

**11C** Follow along the tree line watching for muddy footing here and there keeping the tree line on your left side. Bear left a bit to stay along the edge of the field eventually passing the small bank jump on your right to 11C straight ahead of you.

**2C** From 1A continue along the fence line eventually going down the hill to the corner of the field where you will find 2C.

**4C** After you cross the creek at 3C bear right a little to go through a short path in the woods. When you come out of the woods turn left to follow the edge of the field toward the corner of the field where you will enter the woods again and find 4C.

**6C** From 5C follow the edge of the field (tree line on your left) down to the corner of the field at 6C.

**7C** At 6C turn right (DO NOT GO THROUGH THE SMALL GATE AT THIS TIME) to continue to follow the edge of the field. At the corner in the fence line you will find 7C.

**9C** From 8C you continue to your right (treeline on your left) to complete the hayfield loop at 9C which is back in the corner of the field near 5C.

**10C** From 9C head down the tree line to small gate out of field (near gate 6C). Once through gate go left down driveway. You may stay on driveway through this section or just off to the side. Continue to the arrow sign pointing left back into woods. Follow path through woods to and through gate back into a xc field. Straight through gate down hill to 10 C.

**12C** From 11C slight right to go through the gate and up the hill. Follow the edge of the field with the fence on your left to find 12C.

**13C** From 12C continue along the fence line to head down the hill and then you will bear right to head up the hill beyond the cross county jumps to find 13C at the top of the hill. Then straight on to the finish.
