

2021 Waredaca Fall Classic Phase C-NOVICE (ID: 26721) -

1C Once through the Finish B/Start C head left up the hill toward the finish of phase A to find 1C along the fence line.

As you go through 2C you will turn right and head towards the creek. Be aware of muddy footing in this area. 3C will be just at the creek crossing taking you onto the path to cut through the woods.

After 4C turn right to follow the marked path through the woods. There will be arrows to help guide you through the woods to 5C as you emerge back into the field.

Stay in the trees with the fence line just to your right until you emerge into the field at 7C.

9C From 8C go straight ahead to find 9C

Immediately after going through 10C turn right toward the fence line corner to ultimately go left through the open gate and up the hill to find 11C.

2C From 1A continue along the fence line eventually going down the hill to the corner of the field where you will find 2C.

After you cross the creek at 3C bear right a little to follow short path in woods. When you come out of the woods turn left to follow the edge of the field to the corner of the field where you will enter the woods again and find 4C.

After 5C continue straight along the fence line (there is a bank jump off to your right) until you come to the small gate that let's you out of the field and turn left for a short trip on the driveway. Look for signs to point you back into the woods on your left. Follow the marked path through to woods and ultimately back through a marked gate opening. 6C will be immediately to your right as you come through the gate.

After 7C turn left to follow the tree line to the corner of the field where you will find 8C.

From 9C follow the edge of the field (going clockwise) all the way back past the small bank jump that you will pass on your right. Continue straight ahead to find 10C.

From 11C continue along the fence line to head down the hill. At the bottom the hill bear right to head up hill toward 12C and the brewery. Then straight on to the finish.
