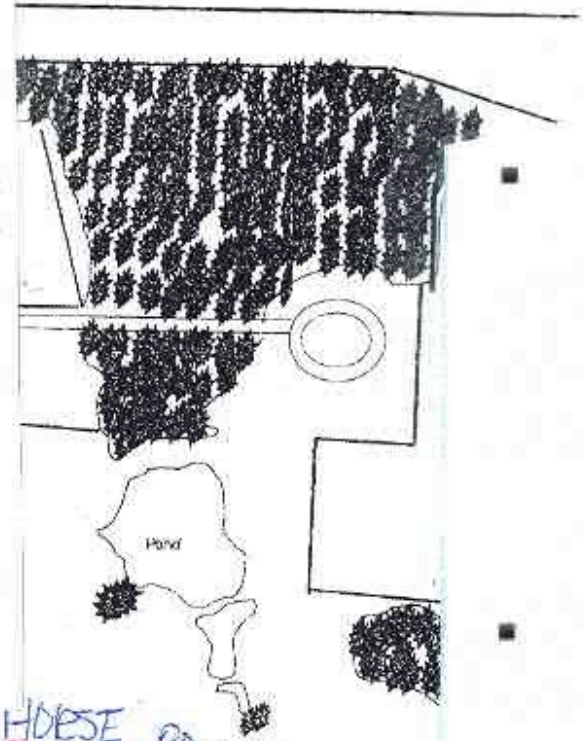
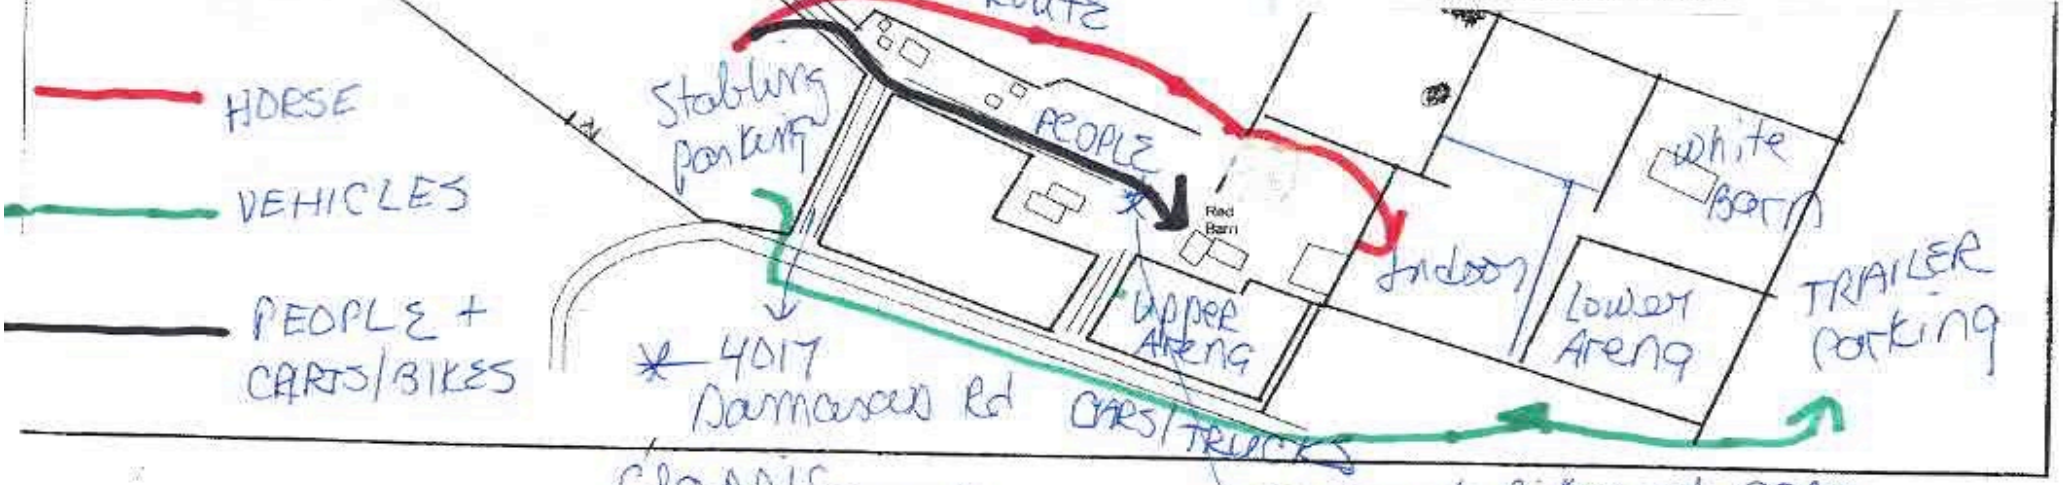
Welcome to Waredaca! In a very deliberate effort to keep you and your horse safe, please follow these guidelines. If you have any questions, please ask a Waredaca staff or a Waredaca Three Day staff.

*****Use this map to identify where horses, people, and cars can transit*****

- PLEASE DO NOT USE the driveway and lanes for horse traffic; instead, use the grass route as noted
- PEOPLE can use the grass OR paved route
- CARS/TRUCKS: There is NO parking for vehicles near the indoor. A vehicle has NO ACCESS from the parking field to the arenas.
- GOLF CARTS, BIKES...as you follow the road to the arenas, there is a grassy area behind the Red Barn before the double gates for carts, bikes, etc, to park within easy walking distance of the arenas.

ONLY BIKES AND CARTS can transit beyond the gate from the parking field to the arenas when there is NO PERFORMANCE OCCURRING. We prefer none if possible





- Parking MUST be kept tight around the barns. PARKING PASSES WILL BE GIVEN OUT IN YOUR PACKET ONE PER VEHICLE. If the parking is well managed on Thursday, a second parking pass MAY be given to everyone at the Friday evening session,. IF NOT any additional vehicles can be parked in the corner parking field where the trailers are located.
- ON Friday from 9:30-3 the Roads and Tracks areas will have gates open and no loose horses in those areas.
